# ECO DRY

READY-TO-USE CLEANER FOR LAMINATE AND LVT SURFACES

## DESCRIPTION AND USES

PRODUCT FOR PROFESSIONAL USE ONLY

Detergent for cleaning laminate floors and all hard surfaces with "Semi-Dry" system. Particularly suitable to replace traditional washing when it is not possible to use water. Cleans effectively but not aggressively without leaving residue or streaks. It dries quickly, giving off a pleasant flowery scent that stays in the room for a long time. Anti-static product, facilitates the removal of dust and delays its formation. Can be used on parquet coated with water-based Lechner products (ECO and COMFORT SERIES), solvent-based products (POLI SERIES) and oil-based products (UROIL), preferably diluted at 50% with water.

### PRODUCT FEATURES

**Application**  
Clean cloth

**Application**  
Spray

**Suitable for internal use**

**Storage**  
36 months in original sealed package

**Appearance**  
Liquid

**Color**  
Purple

**Chemical base**  
Reg. (EC) No. 648/2004: <5% non-ionic surfactants.  
Biodegradability >90%.

**Dilution**  
If necessary, diluted at 50% with water

### METHOD OF USE

Spray the product either neat or diluted 50% with water on the surface, leave it to act and wipe with a damp cloth to remove dirt. Do not rinse.

### OTHER INFORMATION

When used on parquet, dilute at 50%, taking care not to wet the floor too much so the size of the flooring elements will not change. Always use damp rags and cloths that have been well wrung out, so water does not pool.

### INSTRUCTIONS

**FOR SAFETY AND DISPOSAL:** Consult the relevant safety data sheet before using the product. Observe all applicable safety regulations during use. Do not dispose of any residue into the ground, waterways or drains. For the disposal of the product and other waste deriving from the work carried out, scrupulously comply with the provisions of Legislative Decree no. 152/2006 and subsequent amendments and additions of the Consolidated Environmental Act (Testo Unico Ambientale). For further information please contact our

Technical Assistance Department. The content of this sheet integrates and replaces the previous version, rendering it null and void.

**WARNINGS:** The data provided in this data sheet reflect our best theoretical and practical knowledge. However, since it is not possible for us to go into every detail, such information should not be considered as binding. In cases of doubt, please contact our technical offices.
