FLOOR CLEAN

CONCENTRATED DETERGENT FOR DEEP CLEANING AND WAX REMOVAL FROM PVC, RUBBER, LINOLEUM AND CERAMIC FLOORS

DESCRIPTION AND USES

PRODUCT FOR PROFESSIONAL USE ONLY

Wax stripping detergent for the removal of old layers of traditional metallic wax and for deep-cleaning floors. When used diluted, FLOOR CLEAN has the added benefit of not foaming, so the floor is not slippery during cleaning.

PRODUCT FEATURES

Application
Clean cloth

Application
Large brush

Application
Mop

Application
Scrubber dryer

Suitable for indoor use

Storage
36 months in original

Appearance
Clear liquid

Color
Yellow

Chemical base
Reg. (EC) No. 648/2004: <5% anionic surfactants, non-ionic surfactants, soap. Biodegradability >90%

METHOD OF USE

Prepare a 10% solution of FLOOR CLEAN in water (1 liter of FLOOR CLEAN in 10 liters of warm water) and pour over the floor. Leave to work for approximately 15 minutes (do not allow to dry) and then remove dirt and/or old wax with a scrubbing brush. Rinse thoroughly. Once dry, treat the floor with FLOOR SHINE.

OTHER INFORMATION

Some linoleum floors tend to change color with use of wax stripping detergents; check color fastness in an inconspicuous area, possibly diluting the product more and leaving it to work for a shorter time. Some old and particularly porous floors that are very absorbent require two rinses with water before applying FLOOR SHINE.

INSTRUCTIONS

FOR SAFETY AND DISPOSAL: Consult the relevant safety data sheet before using the product. Gloves are recommended during use. Ventilate the room during and after use. Follow all applicable safety regulations. Do not dispose of any surplus in the ground, waterways or drains. For disposal of the product and other waste derived from its use, adhere closely to the provisions

of Legislative Decree no. 152/2006 and subsequent amendments and additions of the Consolidated Environmental Act (Testo Unico Ambientale). For further information, please contact our Technical Assistance Department. The content of this current sheet supplements and replaces the previous version, rendering it null and void.

WARNINGS: The data provided in this technical data sheet reflect our best theoretical and practical knowledge. However, it is not possible for us to consider every detail, therefore this information should not be considered as binding. In the event of any doubt, contact our technical offices.
