Solvent for cleaning tools, rollers, paint brushes, etc., with exceptional solvent power.

PRODUCT FEATURES

Suitable for indoor use

Suitable for outdoor use

Storage

24 months in the original sealed packages

Appearance

Liquid

Color

Transparent

Chemical base

Mixture of organic solvents

Operating temperature

+5 - +30 °C

METHOD OF USE

Soak tools in SOLVENTE CH500 until next use. Because of its high evaporation rate, we recommend keeping it in trays with a tight lid.

INSTRUCTIONS

FOR SAFETY AND DISPOSAL: Consult the relevant safety data sheet before using the product. Protect your hands and eyes during use. Product and its vapors are flammable; keep away from flames, sparks and do not smoke. Ventilate the room during and after use. Follow applicable safety regulations. Do not dispose of any residue into the ground, waterways or drains. For the disposal of the product and other waste deriving from the activity, scrupulously follow the provisions of Legislative Decree 152/2006 and subsequent modifications and integrations (Environmental Consolidation Act). For further information please contact our Technical Assistance Department. The content of this sheet integrates and replaces and cancels the previous one.

WARNINGS: The data provided in this data sheet

reflect our best theoretical and practical knowledge. However, since it is not possible for us to go into every detail, such information should not be considered as binding. In cases of doubt, please contact our technical offices.
