OK CLEAN

NEUTRAL REVIVING DETERGENT FOR DAILY CLEANING OF PARQUET TREATED WITH THE OIKOS AND KIPOS LINE OF OILS

DESCRIPTION AND USAGE FOR PROFESSIONAL USE ONLY

Detergent formulated with natural soaps for the routine washing of parquet floors treated with OIKOS and KIPOS oils for indoor and outdoor use. Removes dirt and grease effectively without harming the varnish film. Cleans and sanitises the floor without rinsing, leaving a light protective film. Does not build up on surface or cause yellowing.

PRODUCT CHARACTERISTICS

Application
Clean cloth

Application
Mop

Suitable for indoor use

Suitable for outdoor use

Chemical base
Neutral soap

Storage
24 months in original containers

Appearance
Liquid

Colour
Transparent

Usage temperature
+10 - +30 °C

Dilution
Water

Protect from frost

INSTRUCTIONS FOR USE

Prepare a solution diluted to approx. 5-10% with water (50-100 g OK CLEAN per litre of water), and use to wash the surface with a perfectly clean cloth or mop. Rinsing is not necessary. To remove stubborn stains, pour a small amount of OK CLEAN onto a damp, clean cotton cloth and rub.

OTHER INFORMATION

Do not shake before use. Protect from frost.

INSTRUCTIONS

FOR SAFETY AND DISPOSAL: Read the relative product safety data sheet before use. Observe applicable safety regulations. Do not dispose of residual product on soil, in surface water or in drains. When disposing of the product and other waste produced during usage, comply with the terms of Italian Law Decree 152/2006 and subsequent modifications (Unified Environmental Law).
