

CONCENTRATED WAX STRIPPER FOR REMOVING OLD WAX COATINGS FROM WOODEN FLOORS

DESCRIPTION AND USES PRODUCT FOR PROFESSIONAL USE ONLY

WOOD STRIP is a water-based wax remover with degreasing action, specifically formulated for the removal of old wax layers from varnished wooden floors. It is suitable for intensive maintenance treatments when parquet flooring shows wax build-up, streaks, or surface marks caused by aged wax residues. WOOD STRIP effectively prepares the surface for subsequent maintenance treatments, such as the application of new wax coatings.

PRODUCT FEATURES

Application
Clean cloth

Suitable for indoor use

Storage
12 months in original sealed package

Appearance
Liquid

Colour
Transparent

Chemical base
Reg. (CE) N° 648/2004: contains < 5% anionic surfactants, non-ionic surfactants, and soap.

USAGE

Prepare a solution with warm water at a dilution ratio of 1:6. For particularly difficult surfaces, reduce the dilution ratio.

Apply the solution evenly over the floor using a well-soaked mop or cloth. Leave it to act for approximately 15 minutes, ensuring that the product does not dry on the surface. Then scrub thoroughly to remove the wax and loosen the dirt.

Rinse thoroughly with clean water, replacing the cloth or mop as necessary. Repeat the operation until all wax residues have been completely removed.

OTHER INFORMATION

It is recommended to carry out a preliminary test on a small, inconspicuous area before applying the wax-removal treatment to wooden surfaces.

INSTRUCTIONS

FOR SAFETY AND DISPOSAL: Consult the relevant safety data sheet before using the product. Gloves are recommended during use. Ventilate the room during and after use. Follow all applicable safety regulations. Do not dispose of any surplus in the ground, waterways or drains. For disposal of the product and other waste derived from its use, adhere closely to the provisions of Legislative Decree no. 152/2006 and subsequent amendments and additions of the Consolidated Environmental Act (Testo Unico Ambientale). For further information, please contact our Technical Assistance Department. The content of this current sheet supplements and replaces the previous version, rendering it null and void.

WARNINGS: The data provided in this technical data sheet reflect our best theoretical and practical knowledge. However, it is not possible for us to consider every detail, therefore this information should not be considered as binding. In the event of any doubt, contact our technical offices.
