FLOOR CLEAN PRO

INTENSIVE CLEANER FOR DEEP CLEANING OF SPC, LVT, PVC, RUBBER, AND LINOLEUM FLOORS

DESCRIPTION AND USES

PRODUCT FOR PROFESSIONAL USE ONLY

FLOOR CLEAN PRO is an intensive alkaline-pH cleaner with high degreasing power, designed for removing stubborn dirt and for the deep cleaning of resilient floors, including SPC and LVT surfaces. Intensive maintenance of these types of materials helps preserve their appearance and aesthetic quality.

PRODUCT FEATURES

Application
Mop

Application
Brushing machine

Suitable for indoor use

Appearance
Scented liquid

Colore
Light blue

Chemical base
Reg. (CE) N° 648/2004:< 5% non-ionic surfactants, soap; other components: fragrance, coumarin, geraniol, linalool, camphor, linalyl acetate, terpineol, eucalyptus globulus oil; preservatives: 5-cloro-2-metil-2H-isotiazol-3-one e 2-metil 2H-isotiazol 3-3 one.
Contains: 5-chloro-2-methyl-4-isothiazolin-3-one e 2-methyl-2H-isothiazol-3-one

METHOD OF USE

For less intensive cleaning: prepare a solution of FLOOR CLEAN PRO diluted from 5% to 10% with water (1 litre of FLOOR CLEAN in 10 litres of warm water), apply to the floor using a mop with a microfiber cloth/rag. Rinsing is not necessary.

For more intensive cleaning (to remove stubborn dirt): prepare a more concentrated solution of FLOOR CLEAN PRO and water, apply it to the surface, and leave it to act for approximately 15 minutes (do not allow it to dry). Then remove the dirt using a scrub brush or by mechanical action with a green pad at 350–450 rpm (with liquid recovery). Rinse thoroughly.

OTHER INFORMATION

Some linoleum floors may change colour when intensive cleaners are used. Always check colour fastness on a hidden area first. If necessary, further dilute the product and reduce the contact time.

Older and particularly porous floors that absorb heavily may require two rinses with water before applying FLOOR CLEAN PRO.

INSTRUCTIONS

FOR SAFETY AND DISPOSAL: Consult the relevant safety data sheet before using the product. Gloves are recommended during use. Ventilate the room during and after use. Follow all applicable safety regulations. Do not dispose of any surplus in the ground, waterways or drains. For disposal of the product and other waste derived from its use, adhere closely to the provisions of Legislative Decree no. 152/2006 and subsequent amendments and additions of the Consolidated Environmental Act (Testo Unico Ambientale). For further information, please contact our Technical Assistance Department. The content of this current sheet supplements and replaces the previous version, rendering it null and void.

WARNINGS: The data provided in this technical data sheet reflect our best theoretical and practical knowledge. However, it is not possible for us to consider every detail, therefore this information should not be considered as binding. In the event of any doubt, contact our technical offices.
