

DESCRIPTION AND USES

PRODUCT FOR PROFESSIONAL USE ONLY

Specific water-based detergent for cleaning pre-finished wood floors stained with single- or dual-component adhesives during installation. CLEANCOLL E is effective for the removal of fresh or partially cured single- or dual-component adhesives if used within 5 hours of adhesive application.

PRODUCT FEATURES

Application
Cleaning cloth

Suitable for internal use

Waiting time
5-10 minutes

Chemical base
Surfactant in water emulsion

Storage
24 months in original packaging

Appearance
Liquid

Color
Blue

Operating temperature
+10 - +30°C

Consumption
g/mq
Depending on usage

Dilution
Water

Susceptible to frost

CERTIFICATIONS

Solvent-free product

MODE OF USE

Use CLEANCOLL E diluted at 10% with water in the case of fresh adhesive or neat if the adhesive is curing. Pour onto the surface to be cleaned, leave to work for a few minutes and remove the glue with a clean, soft cloth, making rotating movements without rubbing excessively to avoid altering the shine of the flooring. It is important to take action before the adhesive has fully cured.

WARNINGS: The data provided in this data sheet reflect our best theoretical and practical knowledge. However, since it is not possible for us to go into every detail, such information should not be considered as binding. In cases of doubt, please contact our technical offices.

OTHER INFORMATION

Before use, check the compatibility and resistance of the paint or laminate to the action of CLEANCOLL E. Do not scrub excessively to avoid altering the shine of the flooring.

INSTRUCTIONS

FOR SAFETY AND DISPOSAL: Consult the relevant safety data sheet before using the product. Observe all applicable safety regulations during use. It is advisable to protect your hands with gloves during use. Do not dispose of any residue into the ground, water supplies or drains. For the disposal of the product and other waste deriving from the work carried out, scrupulously comply with the provisions of Legislative Decree no. 152/2006 and subsequent amendments and integrations. (Environmental Consolidation Act). For further information please contact our Technical Assistance Department.
